COSTLY DELAYS IN COUNCIL CHAOS

Argyll & Bute Council has been in a state of flux for too long.

Infighting and political positioning has caused costly delays to the services which are delivered by Argyll & Bute Council.

Vital decisions have been delayed because of a lack of co-operation within the Council chamber and progress on key outcomes is not being made since decisions cannot be taken.

Party Politics should not take precedence over helping people in the communities of Argyll & Bute.

Yet some parties seem to think it is acceptable to meddle in the workings of the Council and seek to direct and influence their members from Holyrood, demanding they follow a party agenda.

Councillors should be focused on the needs of the community instead of spending time pursuing a separatist agenda.

We all need a Council that works hard for the people of Argyll & Bute. Councillors aren't paid to fight amongst themselves.

INTERDEPENDENCE NOT INDEPENDENCE

Scotland is stronger now and will be stronger in the future economically, politically, and socially as a partner in the United Kingdom.

We don't need uncertainty, instability, and barriers for our businesses. The UK is the world's oldest and most successful single market and the UK has the oldest and most successful currency.

In an uncertain world Scotland's security is strengthened as part of the United Kingdom. Scotland makes a vital contribution to the British Armed Forces. As part of the UK we have real clout in the UN Security Council, NATO, the EU, and we have Embassies around the world.

Have you noticed a problem with local roads?

FAIR SOLUTIONS TO LOCAL PROBLEMS

Like other areas in Argyll, Bute has a need for modern facilities, but seems to be last in line when it comes to funding these resources.

Parking is becoming an issue in the town, with a growing number of motorists but no rise in parking provision—in fact with restrictions in street parking we have more cars and fewer parking spaces.

Other areas in Argyll have modern sports and recreation facilities. Bute seems to be the poor relation with dilapidated tennis courts, poor facilities for young people and a need to upgrade the cinema equipment to digital.

Real solutions that work are required to tackle local problems and create 21st century facilities on our island.
